Dear Congressperson:

I would like to thank you for your continued interest and help in resolving the issues of Hmong grave desecration at Wat Tham Krabok, Saraburi, Thailand. While we have made progress on this issue there is still much to be done.

We are continuing to seek precise information on details about the exhumations in October and December 2005 and on how things presently stand at the Monastery. To this end the Human Rights Program has developed a questionnaire in an attempt to elicit critical information from various sources.

We have sent this questionnaire to the United States State Department and to the United States Mission to the United Nations. I urge you to use your influence with these offices to encourage a response.

Thank you again for your willingness to address this situation. Please contact us if you have relevant information about this case.

Sincerely,

Barbara A. Frey
Director
